NARRATIVE:

Martin, a documented member of the Piru Blood street gang, has an extensive adult criminal history that began at the age of 24 and includes multiple convictions for inflicting corporal injury on cohabitant, robbery, assault, carrying concealed dagger, false identification, and violations of parole. Martin has served multiple state prison terms the longest a two (2) year term for robbery. Martin was released from state prison to the supervision of the Los Angeles County Probation Department on August 8th, 2013. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in October 2013 after Martin absconded from post release community supervision (PRCS). Martin qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for carrying a concealed dagger is defined as non-serious and non-violent under the California penal code. His prior criminal history, status as a gang member and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
